

Skate4Smiles

In Memory of Dawson Ellert

WHAT WOULD YOU DO IF A CHILD YOU LOVED BECAME ILL AND REQUIRED CARE?

WOULD YOU EXPECT THE BEST POSSIBLE FACILITIES AND MEDICAL ATTENTION?

... IN SASKATCHEWAN?

Eight year old Dawson Ellert passed away four years ago shortly after being diagnosed with a brain tumor. Though the medical care was excellent, the facilities to care for a child and his specific needs were not.

On March 30, 2014, we are hosting the 4th annual Skate4Smiles skate-a-thon in memory of Dawson at Emerald Park Communiskate. It's an old-fashioned, family oriented skate-a-thon complete with prizes and lots of activities. Since our creation, our combined fundraising efforts have resulted in over \$275,000 for the Children's Hospital Foundation of Saskatchewan.

Please help us with a prize donation or business sponsorship. All prize donations will be featured in our program and it is a great way to show support for our community.

We have several sponsorship options:

COOL	\$100
Your business name will be printed in the program	
AWESOME	\$250
Your business will be named on our sponsorship wall and printed in the program	
DOOZIE	\$400
Your company logo or name will be displayed on our web-page, listed on our sponsorship wall at the event and printed in the program	
EPIC	\$1000+
We top off your DOOZIE sponsorship by naming you in the White City Community Newsletter	

We are thankful for anything you would be willing to offer to this important cause. For more information please refer to our brochure, website, call or email. We are excited to pick up any donations at your convenience and please join us for the event.

We look forward to working with you and hope to hear from you soon! Thank you for your time and your generous assistance.
